THE GATES at Parkside Village

3rd Quarter Community Newsletter

Fall 2026

A Note to Our Community

Our community looks beautiful this fall! We truly appreciate the efforts each of you makes to keep The Gates looking its best. Your attention to keeping our homes and shared spaces tidy, attractive, and safe makes a real difference and helps maintain the welcoming atmosphere we all enjoy.

Neighborhood Driving Safety

Fall is one of our most beautiful seasons, and many of us enjoy being out walking and taking in the scenery. Please remind your visitors, service providers, and delivery drivers to drive slowly especially around corners, and to stay within the designated lanes. Remind them to use extra caution when traveling through our neighborhood as they may not be as familiar with our streets and alleyways and many of us are out and about both early mornings and evenings. This is particularly important in the entry area to our neighborhood, where traffic can be more challenging.

A. gentle reminder from residents can make a big difference in keeping everyone safe.

Thank you for looking out for one another!

Friendly Reminders

Please remember that common property includes front steps, front walkways, parking pads and deck railings, as well as landscaped and grassy areas.

<u>Lighting</u>

As we decorate for the Holidays please remember that exterior lighting is not be permitted except for (a) approved lighting as originally installed on a Lot; (b) and and all exterior lighting shall be generated from clear light bulbs as specified by the Association.

In this season when many of us want to decorate, don't forget that only one item is allowed on front porches, and all the front steps and handrails must remain clear of any items/decorations. Keeping these areas free of clutter helps protect everyone's safety and reduces the risk of accidents.

Our HOA insurance represents a significant part of our community budget. Even a small claim involving a delivery person or contractor could negatively affect our insurance costs or our ability to maintain coverage. Your cooperation in keeping porches and steps clear is greatly appreciated and helps protect our entire community.

Guest Parking

Please remember that guest parking spaces are reserved for guests only. Residents, including anyone you claim on your income tax return (for example, college students), are considered residents and should use the home's garage or garage pads for parking when visiting for more than one day/overnight. Thank you for helping ensure that guest parking remains available for our visitors.

Garbage and Recycling Collection

Garbage collection takes place on Fridays, with recycling collected every other week. Please place garbage cans and recycling containers outside no earlier than Thursday evening and return them to your garage by the end of the day on Friday.

Fall Home Maintenance

Fall is a great time to do a quick checkup on your home's heating system, windows, and dormers. Please remember that maintaining these items is the responsibility of each homeowner or resident. A little preventative maintenance now can help identify potential issues before colder weather arrives.

Budget Time

In addition to all our other fall activities, it is budget time! The Board has been working hard to manage expenses in this inflationary environment. So far this year, we are running slightly over budget, with the hope of coming in at budget by year-end. Some maintenance items and a water issue over the summer were the primary contributors to the increased expenses in 2026.

Looking ahead to 2027, we are working toward keeping monthly dues at their current level. However, as you know from managing your own household budgets, this is becoming increasingly challenging. We are still waiting for final estimates on some of our larger expenditures before determining the monthly fee for next year.

More to come! We appreciate your patience as the Board works carefully to balance our community's needs with responsible financial management.

Thank You for Being Part of The Gates

Our community Library Box is being wonderfully stocked and we encourage you to enjoy reading and sharing what you have read.

Thank you for taking pride in our neighborhood and doing your part to make The Gates a wonderful place to call home. Every effort, big or small, contributes to the beauty, safety, and well-being of our community.

Be on the lookout for a separate notice of our annual HOA meeting date and time in early December. We are grateful to have such a caring community of homeowners!

Warm regards,

The Gates HOA Board
